TELEPHONED UNDER-
TAKER TO MEET HIS
BODY AND

KILLED HIMSELF ON TRAIN

In His Confession He Exonerates Everyone From Implication In His Crime, But Names a Chicago Business Man As Having Knowledge and Cashing the Receipts.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Jan. 20.—Charles Ledowsky, president of the Fox River Distilling company of Chicago, whose name has been mentioned in connection with the alleged forged warehouse receipts of R. E. Wathen & Co. of Louisville, committed suicide by shooting on a railroad train entering Chicago today.

Ledowsky was on a Michigan Central train from Syracuse, N. Y. He telegraphed ahead to an undertaker requesting him to meet the train and take care of his body as he intended to kill himself.

An involuntary petition in bankruptcy was filed against Ledowsky's company last Monday, scheduled assets of \$20,000 against liabilities of \$250,000 or \$300,000.

Attorney Sidney Stein, representing Ledowsky's creditors, stated that Ledowsky had confessed to him that he had forged warehouse receipts for whiskey valued at \$250,000 or \$300,000, and disposed of them through banks which he victimized.

Stein said he discovered the forgeries while acting for his clients. Two Chicago banks were the principal losers. When Ledowsky found that he could not meet the demands of the banks, he left the city, Stein said. This was a few days before the bankruptcy proceedings.

"I do not care to name the banks," said Stein, "but when the bankruptcy cases come up before Referee Wean, late this afternoon, I will place on the witness stand a man closely associated with Ledowsky in the operation of the Fox River Distilling company. I think he will name the banks."

In the confession which Stein made public, Ledowsky speaks of forgeries on R. E. Wathen & Co., distillers of Louisville, and names a business man of Chicago as being the only person besides himself who knew that the securities were fraudulent.

"He discounted them by keeping for himself about \$25,000, and made me sign accommodation notes for about \$30,000," reads the confession.

The confession, dated January 13, reads in part:

"To Whom It May Concern:
"I, Charles Ledowsky, by my own free will, herewith declare that I am the sole maker of all warehouse receipts, signed R. E. Wathen & Co., or Poyntz Brothers company. I have personally written and signed, stamped in secret places, brought them to the office and borrowed money on them from banks and bankers and diverted the money to my business needs in the Fox River Distilling company."

JEWS AGAINST LITERACY TEST; URGING A VETO

(ASSOCIATED PRESS TELEGRAM)
Chicago, Jan. 20.—Resolutions asking President Wilson to veto the immigration bill now in conference in congress, designated to fix a literacy test for the admission of immigrants into the United States were presented at a joint session of the American Hebrew Congregations and the National Federation of Temple Sisterhoods here today.

Judge Simon W. Rosendale of Albany, N. Y., and Dr. Lyppman Levy, of Cincinnati were among those who favored the adoption of the resolutions by the two organizations. The resolutions pointed out that many Jews residing in Galicia and other parts of Europe never had an opportunity to learn to read or write.

Another resolution to be introduced praised President Wilson's attitude on neutrality in the European war.

Germans Breaking Ice On River Angerapp to Keep Russians From Crossing.

This is war in the winter where the thermometer is far below zero. The photograph shows German soldiers breaking the ice of the Angerapp river in east Prussia, near Klessen, to keep the Russians from crossing on it. At one of the falls of the river there has been a jam of ice which would have made it possible for them to take their cannon and cavalry across when they came up. In the face of the approaching Russians the Germans stopped long enough to break the ice. It would take a day or more to freeze sufficiently for the Russians to cross and then the Germans could retreat to a safe distance.

HORRORS OF LIVING TOMB EXPERIENCED

BY SCORES WHO FACE LINGER-

QUAKE RUINS

Relief Work Appears to be Well Or-
ganized—Weather Turns
Bitterly Cold.

(ASSOCIATED PRESS TELEGRAM)
Avezzano, Via. Rome, Jan. 20.—The sufferings of the surviving victims in the earthquake districts around Avezzano particularly to the southeast of that place, have been greatly aggravated by a sudden change in the weather, bitter cold and a heavy snowfall having succeeded the brightness and dryness of the previous days.

The snow which began to fall early Tuesday afternoon, penetrated into the hastily constructed wooden huts which shelter all too few of the many thousands of homeless, and added greatly to the discomfort that prevailed. Hundreds are compelled to spend the night in the open air. Fortunately the relief work appears to be well organized and more abundant than that practically all of the larger places that have been devastated are receiving attention.

Living persons are still being dug out of the ruins and it seems surprising that more vigorous efforts are not being made to extricate scores of others who are enduring the horrors of a lingering death.

Between Pescara, San Benedetto and Gioia-De-Marsi great cracks and depressions are visible in the roads and fields, probably due to the rich alluvial soil of that region which has made Gioia the wealthiest town in the district. This condition is also responsible for the fact that Gioia suffered more severely than any other place destroyed by the earthquake. Only about one-fifth of the population was saved. 700 persons out of 2,682. Two women were taken alive from the ruins there today. The destruction of all buildings in the town is even more complete than in Avezzano for only a single wall in the place is standing above the height of the first floor.

Many women were at mass in Gioia when the church fell in but only the priest escaped.

London, Jan. 20.—The Exchange Telegraph company publishes a dispatch from Copenhagen saying that Albert Ballin, director general of the Hamburg-American Steamship Co., at the request of Emperor William, has taken over the management of the entire railroad system of Germany and the work of delivering food supplies for the German army.

Steel Beams Too Heavy For a Scaffold, Which Fell, Crushing Gildow

Coroner W. L. Jackson, Wednesday, made an informal inquiry into the accident at the plant of The American Bottle company, which resulted in the death of J. H. Gildow, 47 Park avenue, and the injury of Sam Beck and another foreigner, Tuesday afternoon. The coroner stated that there would be no formal inquest held.

According to the statement of employees of the plant to members of Mr. Gildow's family, the six men were working on a platform or scaffold, rebuilding a furnace. A heavy iron I-beam had been placed on the platform and another of the same size was being raised to be placed beside it.

It was while raising this second beam that the scaffold fell, carrying the men down with the debris. Gildow's leg was caught between the two beams and the left thigh was so badly crushed that he died of hemorrhage before anything could be done for him.

He died at the Sanitarium as he was being carried to the operating room. The body was removed to the Bazler & Bradley morgue and prepared for burial, being taken to his late home Tuesday evening.

His wife suffered severely from the shock when she was told of his death and her condition has caused members of the family and friends some concern.

Mr. Gildow frequently expressed to members of the family his dread

of going to work each day, because of the dangerous nature of the work he was doing.

Jonas H. Gildow was born near Warner, Washington county, Ohio, May 28, 1866, and was therefore in (Continued on Page 7, Col. 4.)

Washington, Jan. 20.—Francis will be the name of President Wilson's grandchild, the son of Mr. and Mrs. Francis B. Sayre who was born at the White House Sunday. The announcement was made today by Mr. Sayre.

Some of the family wanted to call the baby Woodrow Wilson Sayre or Woodrow Sayre, but the president thought the child should have an individuality of his own. No date has been set for the christening but it probably will be held in the White House. President Wilson probably will be the Godfather.

Both Mrs. Sayre and the baby continue to progress favorably today.

Dropping Bombs Near King George's
House—Streets Paved With
Broken Glass.

(ASSOCIATED PRESS TELEGRAM)
King's Lynn, England, via London, Jan. 20.—The streets of King's Lynn are this morning virtually paved with glass, and souvenir hunters have been picking up pieces of bombs.

An outstanding feature of the raid appears to have been the skill with which the German airmen, in the darkness, followed their route and dropped bombs in the vicinity of King George's house at Sandringham and Queen Mother Alexandra's bungalow at Snettisham, as well as the docks, water works and railroad station here and at the Grimston ammunition depot.

According to the police, raiders circled twice over King's Lynn and dropped bombs in the neighborhood of the railroad station and the docks. Three missiles fell close to the station and wrecked the sheds in which the royal railroad coaches were housed. One or more bombs were dropped along the water front among the (Continued on Page 3, Col. 2.)

Several Killed As Bombs Drop On the Cities

BITTER COMMENT ON RAID BY BRITISH NEWSPAPERS

The Event Calls Forth Appeals for More Recruits to Be Sent to the Continent, While In One Quarter Retaliation is Urged, the Fact That Several Flourishing German Towns Are Within Easy Range of English Airmen Being Pointed Out—Aeroplanes of Large Size Took Part In Raid.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 20.—German airmen delivered their long-predicted attack on England last night. From a base presumably in Germany, they flew over the North Sea to the eastern coast of England, where, for nearly four hours, from 8:20 p. m. until about midnight, they circled over a group of some six English towns only a little more than 100 miles from London, apparently dropping bombs at will.

So far as has been learned today, four or five persons were killed by these missiles and about as many more were wounded.

Whether these airships were Zeppelin balloons or aeroplanes, has not yet been definitely established.

There is increasing belief in London this morning that possibly only aeroplanes took part in the attack. There has been no news so far today to confirm the report current last night that a Zeppelin had been brought down on the English coast; on the contrary it now appears as though all the German raiders have returned whence they came.

The most important towns over which the German airmen appeared were Sandringham, Yarmouth, Sheer-ingham, Hunstanton, Cromer, Heacham, Dersingham and King's Lynn. King George had left Sandringham, only a few hours before the raiders visited. Most of the damage appears to have been inflicted on private houses and shops; few public buildings or docks seem to have been injured.

The raiding airmen showed excellent ability to pilot their vessels as well as good marksmanship. In spite of the darkness of the night, they seemed to find their way over the country with remarkable directness and the accuracy of their aim with bombs was greater than was generally believed possible.

Among those killed is one soldier.

The property damage will not exceed a few thousand dollars. A shoe maker and a woman were killed at Yarmouth and a civilian and the soldier lost their lives at King's Lynn.

The police reports from the town upon which bombs were thrown say that the public responded very well to the raid instructions recently made public. For the most part the people took refuge in their cellars. Several theatres were emptied quietly.

An unexploded bomb found in Yarmouth weighed six pounds and is cone-shaped.

Comment of the British press on the aerial attack is bitter in its tone, many of the London papers assailing the Germans in the same unmeasured language as at the time of the Hartlepool naval raid. The event is being used as a text for editorials, urging more rapid recruiting.

The Ball Mail Gazette says that the only fighting answer is the sending of fresh armies to the continent. The Westminster Gazette characterizes the raid as a violation of the rules of warfare. The Globe urges retaliation in kind observing that there are several flourishing towns within easy reach of the British airmen.

A press dispatch received from Yarmouth says it is generally believed there that the raiders of last night came in aeroplanes of large size.

Caucus of Republicans Will Decide Upon Best Means Of Decentralizing the Tax Power

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 20.—House leaders today were planning to call a caucus of Republican legislators probably next week to consider the best means of decentralizing the taxation and saloon licensing systems of the state, and of amending the present civil service law.

Bills introduced in the house yesterday relating to taxation reform and civil service show a difference of opinion on these subjects from the propositions in senate bills. It was said the taxation committee of the house and senate to which these bills will be referred will meet jointly and attempt to agree on a common solution of the question of taxation decentralization.

The bill of Representative Parrott of Fayette, providing that the state tax commission shall appoint a board of three deputies in each county to act as a board of complaints, secured much favorable comment among members of the house today. Advocates of more complete decentralization of the tax machinery were preparing to support Senator Garver's bill, which left to the state tax commission no power to appoint any tax officials in counties.

In both measures the county auditor would act as county assessor and ward or township assessors would be elected. The senate bill provides for local selection of a board of complaints, whereas the house bill permits the state commission to name members of this board.

(Continued on Page 8, Col. 5.)

The Hoy civil service bill presented to the house among the 96 other measures introduced yesterday, differs mainly from the Moore senate bill in that it gives greater authority to the state civil service commission to exempt from regulations of the merit system public employes or officials. Both eliminate the existing features of noncompetitive examinations.

Legislators discussed today the effect on the conservancy act, which Representative Quinlisk of Shelby will seek to amend, of the bill introduced by Representative Hunter of Franklin, providing for creation of a joint state and federal commission of engineers to survey the state and make recommendations for a comprehensive scheme of waterway improvement, flood protection, water supply, and large canal construction.

The measure would authorize the governor "to secure from the proper federal authorities as soon as practicable, the appointment of not more than three experienced government engineers, who, with persons appointed by the governor shall constitute a board of not more than five." This commission is directed "to examine and report upon waterways connecting Lake Erie with the Ohio river along at least three routes across the state."

The work of the commission is to have special reference to the improvement of existing stream channels for the mitigation of floods, for navigation of suitable draft, for the development of power, for betterment of sanitary conditions. The commission is to make recommendations concerning (Continued on Page 2, Col. 5.)

PETROGRAD

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Jan. 20.—An official communication issued by the general staff of the Russian army indicates considerable activity and fighting on the right bank of the Lower Vistula. The statement follows: "During the 17th and 18th of January, on the right bank of the lower Vistula, upon the front running from the river to the railroad from Warsaw to Mlawa, a portion of our troops, having come in close contact with the enemy, had a series of collisions of secondary importance."

"Fighting of a more grave character, though having the nature of separate actions, took place in the village of Konopi, where the heavy artillery with which the enemy bombarded us was silenced by the fire of our batteries, and near Bodzanow and Bejonia opposite which the enemy occupied well-organized detachments." Kenyon's President Delivers Address to Trinity Men That Was Scholarly and Inspiring

Tuesday night's meeting of the men's club at Trinity church was a pronounced success. More than 100 men were present, the largest attendance so far recorded. The address given by Dr. W. F. Peirce, President of Kenyon college, was scholarly and inspiring. The turkey dinner prepared and served by the ladies of Trinity was exceptionally good. The large attendance of representative men, the splendid talk given by Dr. Peirce and the good dinner followed by a smoker made the evening one of pleasure and profit for all who were present. Last month President Chamberlain of Denison University addressed the meeting. Rector Franklin Gladden told Dr. Washington Gladden will attend the next meeting.

Doctor Peirce took as his theme "American Ideals," prefacing his address with a brief survey of the world situation at the birth of the American republic and showing the effect of the American revolution on world history.

The speaker then approached the subject of the great war now raging in Europe, saying as he did so that he realized the risk of seeming to violate the advice of the president in his wise proclamation of neutrality but Dr. Peirce said he wished to be understood as dealing with only ideas and not with the causes proximate or remote which led to the conflict, nor with the justice of the claims of either side, nor with the methods of warfare nor indeed with any of the material facts in the case. With national ideals a thinking man must always be concerned and American ideals are challenged now as they have not been for a hundred years.

We have had a dream of liberty and

lightening the world. Our ideals have seemed to prevail. When Hamilton wrote the Federalist in 1787 there were no precedents in modern times for him to appeal to and to find republics he was obliged to go back to Greece and Rome and medieval Italy. Today the Republican form of government is to be found in every part of the world, even in the remotest east; while in the monarchies of the world there is hardly one that has not been altered by the ferment of liberty.

One of the warring nations regards war as "not merely a necessary element in the life of nations, but an indispensable factor in culture, in which a true civilization finds the highest expression of strength and virility." War they say is "the greatest factor in the furtherance of culture and power." To us war has always been the last resource to be resorted to only after long, long courses of the law have failed. For more than 70 years Americans sought to settle the slavery question by compromise and debate and they resorted to force only as the most deplorable extremity.

We consider war a work of the devil. To others it is a "divine medicine which God Himself will see to it that mankind is not left to go without." It is said a good cause hallowes even war. The reply is that a good war hallowes any cause. The crash of the contending hosts of Europe strikes to our hearts a thrill of horror which is both physical and moral.

The estimate of war given by a Civil War general is a typical American utterance: "I confess without shame," said General Sherman, "that I am sick and tired of war, its

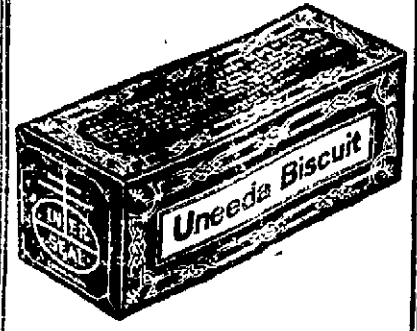

glory is all moonshine. Even success the most brilliant is over dealt and mangled bodies, the anguish and lamentations of distant families appealing to me for missing sons, husbands and fathers—war is hell." A famous European general on the other hand says, "we have learned to recognize the moral majesty of just war in war which to the superficial observer appears brutal and inhuman."

In a thousand ways, the contrast between the old gospel of peace, in which the American government is founded, and the new gospel of war, which the world is now instituting, is made to maintain that this gospel war is a mere flourish of rhetorical trumpets or an academic philosophy influential only in the study and in military circles.

This new national ideal which now engages the attention of the world is in such sharp and irreconcilable conflict with ours that it can not recognize ours too is honest and sincere. In the one rule that sums up our foreign policy, the Monroe doctrine, it sees neither the desire for peace nor the zeal for free institutions which constitute the value of the doctrine in our eyes, but only a selfish determination to exclude all comers until in the fullness of time we are ready to incorporate all Latin American in our vast imperial schemes.

Germany is safe, sanitary, well-policed, well-administered above most nations in the world. Indeed our Canal Zone is perhaps the only part of the world where conditions are equally good. Yet we do not want the military authorities of the Canal Zone to extend their beneficent activities to the rest of the country.

PRIEST

PERISHED AT ALTAR AND WOMEN AND CHILDREN DIED WITH HIM

Only 400 People Out of a Population of 2,500 Saved from Death at Ortucchio.

(ASSOCIATED PRESS TELEGRAMS)
Rome, Jan. 20.—Next to Avezzano one of the places to suffer most from the earthquake was Ortucchio, a few miles from Gioja-de-Marsi, where less than 400 people were saved out of a population of 2,500. In the church which was a large edifice, there were between 300 and 400 people when the earthquake came. The priest and the entire congregation were imprisoned under the ruins as the whole building suddenly collapsed. Only four women have since been taken out alive.

Collarrete, 3,000 feet up in the mountains, is another of those towns in this part of Italy from which many persons have emigrated to America. Here a thousand persons out of a population of 1,500 were killed. The priest in this town perished while conducting services at the altar and the worshippers, chiefly women and children, died with him.

Some signs of recurring life are already beginning to be visible in the terrible devastated earthquake district. The fact that slight shocks are experienced every morning, keeps a majority of the people still in a state of panic.

CAUCUS

(Continued from Page 1.)
ing the best method of financing a general plan.

Owners of property leased to resort keepers may be enjoined by civil action and bonded heavily against future lease of their property for immoral purposes, according to provisions of a bill which was prepared today for early introduction in the house, together with another bill to authorize a vice survey of the state.

Agents for moral reform organizations were busy soliciting support for the proposed measure among legislators today. They promised also that a measure would be presented to create a vice commission similar to those which conducted surveys of immoral conditions in Wisconsin, Illinois and Massachusetts.

A number of bills in addition to the 96 introduced in the house yesterday, were ready for presentation today. Representative Reighard, of Fulton, expected to introduce a resolution calling for investigation of the banking department by a joint committee of three representatives and three senators. The administration bill to reorganize the state agricultural commission by replacing the present commission of four by a board of nine members appointed by the governor, probably will be introduced tomorrow by Representative Smith of Morgan, chairman of the agricultural commission.

The special house committee appointed to consider election contests today refused to consider technicalities in the case of the contests against the Franklin county delegation and in a vote divided on party lines, decided to take up definite charges of fraud and illegal practices in election of the representatives.

Speaker Conover today said he expected the assembly to be in session until Friday noon, despite the wish of many Republican members to adjourn today until Monday. The record number of 96 bills thrown into the house legislative machinery yesterday, were to be referred to committees this afternoon.

The bill of Representative Graham of Licking county, to decentralize the liquor licensing system by making the state liquor licensing board appoint members of county boards recommended by county executive committees of the two dominant parties, was commented today by Representative Deaton of Miami, chairman of the liquor traffic committee, which will pass on the bill. Mr. Deaton said a more desirable measure in his belief, would eliminate the state licensing commission, however. Mr. Graham declared the plan he proposed had been framed by Licking county interests, and he believed it would be given strong support by dry forces all over the state.

County licensing boards should be bi-partisan, he declared, and the only feasible method of making them such in his opinion was to permit party committees to name them subject to formal appointment by the state commission. The liquor question would be retained in politics, he explained, but would be divorced from the election of public officials. The state commission also would have authority to remove members of county boards for malfeasance in office, according to the Graham bill.

The senate bill to amend the liquor license law in accordance with administration wishes will be introduced by Senator McDermost of Trumbull, chairman of the temperance committee. This will not be presented for several weeks however. He said today that the term of the measure has not been determined.

The senate judiciary committee today reported for passage the Hopple resolution urging congress to exempt great lake boats from regulations of the seamen bill, prescribing a greater number of lifeboats and employees on ships. The committee on benevolent institutions reported the Follinger bill, providing that wards of private orphan and children's homes may be admitted to public schools.

SECOND RECORD BREAKING TRIP OF THE OREGON

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Jan. 20.—The battleship Oregon, rejuvenated and placed in commission to lead the Atlantic fleet through the Panama canal next March, is coaling here today. She will remain in port two days.

The famous warship entered the Golden Gate last night, completing the first leg of her second epoch-making voyage.

Instead of her former dress of white and yellow, the Oregon was garbed in slate-gray and the spindly foremast of '98 was replaced by one of the more modern cage-like towers. Wireless antennae were among the other evidences of modern equipment.

Commander John M. Reeves, who brought the Oregon into San Francisco Bay, stood watch in the engineroom during her dash around the Horn to the Atlantic in 1898, and among her crew are many others who participated on that historic cruise.

SCHIFF THINKS SOCIAL UNREST IS ON DECREASE

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 20.—Jacob H. Schiff, banker, director of many industrial corporations, and representative in this country of the Barone de Hirsch foundation, testified at a witness before the federal industrial relations commissions here today that he "would rather think" industrial unrest was decreasing in this country, and that he did not believe governmental representation on the boards governing great philanthropic foundations was advisable.

The commission is engaged in an investigation of the cause of industrial unrest, and the actual testimony of the philanthropic foundations, which have been very busy for several months, has ceased to come to the lack of demand. Presumably Germany is dispatching its own cattle freely, the dispatch declares, owing to the high price of fodder.

The testimony given by Samuel Untermyer on Monday in which Mr. Untermyer said that the railroad situation in the United States had narrowed down to a point where the roads were practically dominated by two groups of New York bankers, was read to Mr. Schiff.

"It is sheer nonsense," Mr. Schiff commented.

"Mr. Untermyer is mistaken then, is he?" asked Commissioner Weinscock.

"I think so," replied Mr. Schiff. "So far as I know there is absolutely no control exerted such control as is exercised by officers and directors for the time being, who send out proxies which stockholders can return if they wish, or let alone."

OLD-TIME GOLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

WARRANTS

ISSUED FOR ARREST OF DEPUTY SHERIFFS FOR SHOOTING OF STRIKERS.

Mayor of City Announces He Was Going to Force a Settlement of the Differences.

(ASSOCIATED PRESS TELEGRAM)
Roosevelt, N. J., Jan. 20.—Mayor Joseph A. Herrmann announced today that warrants had been issued for the arrest of twenty-two deputy sheriffs involved in the shooting yesterday of nineteen striking laborers at the Liebig plant of the American Agricultural Chemical company. They would be charged with manslaughter, he said.

The men would be taken into custody at once, he added, and would be arraigned this afternoon before Justice Sedran, at New Brunswick, seat of Middlesex county. The warrants had been issued at the instance of the county prosecutor, W. E. Florence.

Mayor Herrmann declared that he was going to force the settlement of the trouble between the strikers and their employers to an issue. He said he had been asked by a committee of strikers to intervene with their employers for an adjustment of their differences through arbitration.

"I had 120 of the strikers searched for arms directly after the shooting," he declared, "and not a single weapon was found on any one of them."

The good man prolongs his life—Mortimer.

DANGEROUS DEBILITY

Debility may result from a number of causes—drowsy, and fatigued, due to illness, lack of nourishment, due to disordered digestion, or any of the causes of debility. It is a dangerous condition, and one that should be treated at once.

The symptoms of debility vary but weakness is always present, often a tendency to fatigue easily, ringing in the ears, back aches, pain in the eyes, and a lack of energy, and a general feeling of being run down.

Debility is dangerous because it weakens the body's defense against disease. For instance, debilitated people take cold easily and winter is always a trying time for them. When one cold follows another the system surely needs building up.

The treatment of such run-down conditions with Dr. Williams' Pink Pills is based on sound medical principles and common sense. These pills build up the blood so that it carries every part of the body, serves as well as nourishes and brings a new strength and health.

Mention this paper and we will mail you the booklet "Building Up the Blood." Address: Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

UNION GIVES UP LEASE IN W. MAIN ST.

Samuel Cohen, proprietor of The Union clothing store in West Main street, has decided to sell out his entire stock of goods and also the fixtures of his store. Mr. Cohen's lease expires April 1, and he desired to change his location but could not obtain a desirable room. He has been located in Newark for the past three years, coming to this city from Philadelphia. During his residence in Newark he made many friends who will be loath to see him and his family leave. His honorable business methods and dealings with his fellow-men have made him a desirable citizen. He does not wish to move a single garment and consequently will offer his entire stock at a sacrifice, the sale to begin at once.

Experience is something that teaches us how other people ought to do things.

The Courts

Want Pike Extended.
A large delegation of citizens from Burlington and Bennington townships, appeared before the county commission to make its report. Their object of extending the Johnston and Utica pike five additional miles from the point where the pike has been contracted. There are nine miles under contract and the additional five, which the delegation favored, would make a complete state aid pike between Utica and Johnston. Commissioners Ben B. Jones, Joseph Orr and Frank E. Damm will take the matter under advisement.

Admitted to Probate.
The will of Philander A. Graves, late of Hartford township, was admitted to probate today. Laura Wells was appointed executrix without bond.

Receiver Commission.
Justice G. W. Helmick of Ena township, received a commission as notary public from Governor Frank B. Willis today. It was among the first issued by the new governor.

Sworn into Office.
Justice Helmick was sworn into office by County Clerk Bert O. Horton.

Grand Jury Report.
Six cases were before the grand jury today and there yet remain a number to be heard. This has been a very busy session for the prosecutor and grand jurors. Prosecutor J. W. Hartman expects to have the business cleared up so that the grand jury session this morning favoring the prosecution.

NEW DIRECTORY; ALL TELEPHONE SUBSCRIBERS NOTICE

The Newark Telephone company is now preparing the annual directory of the company's 5,300 subscribers. It will be divided into several sections as follows: Newark, Farmington, Hanover, St. Louisville, Gratiot and Brownsville, Glenford and Somerset. This is the first time all the exchanges have been grouped together in one publication, and the book will take up about 150 pages.

The directory will go to press about February first, after which date absolutely no changes, corrections or insertions will be made. If you wish any change made in your name, address or number please notify the chief operator, telephone number 1170, without delay, so that it may be attended to in proper time.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

OPENS FIGHT ON BASEBALL COMMISSION

FEDERAL LEAGUE SEEKS TO HAVE OLD LEAGUES DE-CLARED A TRUST.

Crowds Attend the Hearing. While Magnates, Players and Managers Are Present.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Jan. 20.—Before a crowd of baseball fans that filled the United States district court and spread over the wide corridors, the Federal league today opened its anti-trust suit against the three highest bodies of organized ball. The principal points of attack in the opening address of Keene H. Addington, was the power of the national commission, which the Federal league attorneys described as judicial, executive and legislative, and the roles of the national agreement, under the American and National leagues, and the national commission maintain relations with the minor leagues were cited to show the extent of that power.

Grouped about the table of counsel for the defendant were three members of the national commission, Chairman Henry President Tener and President Johnson. Nearby were club owners in both major and minor leagues managers, and players. At the table of the Federal league lawyers were President Gilmore, Charles Weeghman and others.

Both sides waived the technical question of jurisdiction raised by Judge Landis and counsel for both parties declared their willingness to stand on their written appearances.

Addington declared the national agreement provided a series of weapons for use against the enemies of organized baseball, among whom it placed, he said, any person who went against its rules.

Briefly, the facts in the suits are as follows:

The Federal League seeks to dissolve organized baseball, which operates under the so-called national agreement, as it is alleged it violates the anti-trust law. Organized baseball includes practically every league in the nation, exclusive of the Federal organization.

The Federals also seek to enjoin the individual defendants from interfering with players now under contracts to the Federal organization, and also asks that the contracts with players made by the defendants and each of them under the national agreement be declared null, void and of no effect.

If the Federals are successful in the quest for a temporary injunction, steps will immediately be taken to obtain a permanent order. Should contracts be declared null and void, it would make "free agents" of all players except such as are now signed by equitable contracts.

The defense of organized baseball that it does not operate in violation of the anti-trust law will be based on section 6 of the Clayton act, recently passed by congress, it was reported today. The section which attorneys for the defense are expected to cite, reads:

"That the labor of a human being is not a commodity or article of commerce." As the Federals bill alleges that organized baseball is a trust in "restraint of trade and commerce," the attorneys for the defendants will contend, it was said, that as organized baseball deals only in labor, it cannot violate the law.

Arguments for the defendants will be presented by George Wharton Pepper of Philadelphia, counsel for the National League. He will be assisted by Samuel L. Clement of Philadelphia, and several other attorneys engaged by the individual defendants. Keene Addington of Chicago, and Edward Gates of Indianapolis, with several assistants, will be in charge of the case for the Federals.

Practically every person connected with the American National and Federal Leagues in an executive capacity was in Chicago to attend the hearing.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel. There's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad digestion or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. Dr. Edwards' Olive Tablets are the complaints and Olive Tablets are the immensely effective remedy. Take one or two tablets for a week. See how much better you feel and look. 50c and 25c per box. CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Ohio State Shows Unusual Form; Wesleyan is Defeated

Delaware, O., Jan. 20.—Ohio State's basketball force broke into the win column last night when it invaded Delaware and emerged with a Wesleyan scalp, the decisive score being 28 to 17. The victory was a sweet one for the 250 Ohio State rooters who came with their team. The game was a most interesting one from a spectator's standpoint.

Two factors were largely responsible for the victory. In the first place, the St. John combination found itself and put up an entirely different brand of basketball than that displayed in the two games that have been played on the Columbus floor. The team work showed a marked improvement and the goal shooting was excellent, a number of the shots being of the highly sensational variety. The second thing which contributed to the victory was the weakened condition of the Wesleyan team, which was without the services of Center Bonner and Forward Walters. Both of these men were badly missed.

DENISON TEAM WATCHES STATE WHIP WESLEYAN

Granville, O., Jan. 20.—Denison's basketball players suspended regular practice yesterday at the mandate of Coach Livingston, who ordered them to accompany him on the afternoon car for Delaware to see the Ohio State-Wesleyan game. As Denison will play Wesleyan here a week from Saturday, an opportunity was afforded the Granville squad members to garner some of the details of Wesleyan play. Much depends upon this game and Coach Livingston is letting nothing get by that may prove of advantage to his team.

Captain Jones, Thiele, Reese, Diggs, Roubush, Ladd and Lyons made the trip under the care of Coach Livingston. The team left at noon and spent most of the afternoon in Columbus.

NO DAMAGE

DONE IN HUNSTANTON BY AEROPLANE BOMB DROPPED LAST NIGHT

Loud Explosion Was Heard and Large Hole Was Torn in the Ground.

(ASSOCIATED PRESS TELEGRAM)

Dersingham, Norfolk (via London), Jan. 20.—An airship passed over Hunstanton, a few miles north of Sandringham, about 10 o'clock last night, and followed the Great Western Railway tracks by way of Heacham, a village on the Wash, where a bomb was dropped. It fell several hundred yards from some cottages, but beyond tearing a hole in the ground, it did no damage. The loud explosion alarmed the whole district as the report was heard for a distance of five miles.

Following this visit, the airship went to Spettisham and then passed directly over Sandringham towards King's Lynn.

The people of Heacham had a fairly clear view of the airship and describe it as a large balloon, sausage-shaped, and pointed at each end.

Reports of the aerial raid last night contained rumors that one of the Zeppelins had been brought down by the fire of a warship at Hunstanton. The above dispatch from the Hunstanton district makes no mention of such an occurrence.

IT DOES GOOD AND GOOD ONLY

Nerv-Worth Contains No Habit-Forming or Health-Wrecking Drugs.

Do you want a short proof that Nerv-Worth, the world's greatest nerve-builder, is doing wonderful things for Newark and Licking county's suffering people? Here it is: T. J. Evans, the Varden block druggist, continues to sell the remedy in large quantities. The weekly sale amounts up to dozens of bottles. Would this be so if Nerv-Worth was failing to overcome the distressing conditions brought about by nervous debility? Assuredly not.

And remember that Mr. Evans guarantees every bottle he sells and cheerfully refunds your money if Nerv-Worth fails to help. Mr. Evans gives his personal attention to the sale of Nerv-Worth. He knows thoroughly what it will do. Ask him about the remedy. He will give you a sample dose.

Nerv-Worth is a vegetable compound that does good altogether and no harm. There is not a habit-forming drug in it. (adv.)

WILD BIRDS SUFFER

During these snow and ice periods the wild birds, like the helpless Belgians, must depend upon kind-hearted Americans for the necessary food to tide them over, else many will die of starvation. Many do die every winter.

The National Association of Audubon Societies, through its educational agent, Dr. Eugene Swope, reports that there are many in this community who are interested in behalf of wild birds and hereby requests the readers of the Advocate to feed the birds. Farmers are especially requested to feed the bobwhite—our most valuable insect-destroyer.

Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble in later life. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors. The ideal way to avoid colds is to keep plenty of fresh air in the bedroom and at the first sign of trouble apply Vick's "Vap-O-Rub" Croup and Pneumonia Salve over the throat and chest, covering with a warm flannel cloth. The body heat releases antiseptic vapors that are inhaled all night long, opening the air passages and healing the inflamed membrane. In addition, Vick's is absorbed through the skin, taking out the soreness and tightness. Vick's contains no harmful drugs whatever. At druggists—25c, 50c, and \$1.00.

Fighting Pneumonia.

In the Better Babies department in the February Woman's Home Companion there appears a new service offered to mothers, mothers-to-be, and social workers. It is filled with practical suggestions of great value and interest. From this service, appearing in the February issue, is taken the following advice as to how parents and others can guard against pneumonia both for themselves and for their children:

"February is the month when pneumonia is busiest and deadliest. In Chicago and New York last February more than one thousand persons died of pneumonia.

"Pneumonia is now classed by physicians as a preventable disease. It is an infectious dust-disease, due to germs which can be fought with pure air.

"Pneumonia germs thrive and multiply in unventilated schoolrooms, stores, factories, homes, and moving picture theatres.

"Dry-sweeping and dusting put germs in circulation. Moisten your broom and dustcloth when cleaning. Wash and dry both when your task is done.

"Dry air dries out the mucous membrane lining of the nose and air passages, leaving them susceptible to infection and colds. If you have steam heat or a hard coal burner in your home, always keep a pan of water on the radiator or the back of the stove.

"Pneumonia is sometimes the result of a neglected cold. Treat a cold promptly.

"When your children have colds, do not dose them with soothing syrup, cough syrup or patent medicine of any sort. Give castor oil, keep the child in the house, and if the cold does not get better send for your doctor.

"Colds can be 'caught' from a kiss, a common drinking cup, or a handkerchief or towel which has been used by someone suffering with a cold.

"Adenoids or enlarged or diseased tonsils furnish a lodging place for germs. Children who are subject to colds should be examined by a physician—if possible by a throat specialist.

"If you have a cold, do not kiss your children. When nursing, bathing and dressing your baby, protect it from infection by tying a soft handkerchief or piece of old linen over your mouth.

"Teach your children to protect themselves from cold-contagion by avoiding their little playmates who cough, sneeze, have a rash, or a sore throat."

Earthquake In Italy.

(New York World.)

As the evidence accumulates of the widespread destruction wrought by the earthquake in Italy, it is seen to be easily the worst seismic disaster except Messina that modern Europe has known. Extending from below Naples to Ferrara, it has rocked the kingdom from its 'heels to the Po, and as respects the range of its destructiveness it has apparently exceeded any earthquake in Italy of which there is record. The convulsion of nature of which the ancient Romans stood in dread has now curiously come to pass, to the terror of their descendants, and, ominously enough, from the point of view of the superstitious, at the very time of the world's greatest cataclysm of war.

Whether 50,000 persons have been killed and injured or double or half that number, the total loss of life is described to attain proportions that would be staggering if it were not for the confusion of mind caused by obvious comparisons with the loss of life through human passion on Europe's battlefields. As it is, it occurs under conditions that accentuate man's greater destructiveness than nature's both in the taking of human life and the leveling of historic monuments. For against the havoc in Italy there is the devastation in Belgium.

The civilized world, while regretting the dead in the earthquake, may rejoice that Rome was spared a worse visitation than by Goth or Vandal. Italy herself will have cause for satisfaction if this "act of God" tins the scale of indecision and keeps the nation from going to needless war. Her calamity at home, with its havoc comparable to that of war, is enough to engage all her attention.

"Deliver us from another armed peace!" is the message that James Bryce sends to the American people through President Butler of Columbia University. This is not the casual sentiment of an emotional pacifist but the profound opinion of a

profound statesman and historian. Whatever the immediate causes of this war, the conflict is the inevitable result of a theory of armed peace that was costing the nations nearly \$3,000,000,000 a year to maintain. That burden could not be carried indefinitely, and when the break came the whole world was drawn either directly or indirectly into the catastrophe.—New York World.

Switzerland Feels the Blight.
Switzerland has now stated how jealously she has maintained her neutrality and what it has cost her directly in money, so say nothing of the economic loss due to inability to import raw products which are refused in her factories and shipped abroad. During the first five months of the war mobilization on her frontiers to prevent invasion cost the little republic \$22,000,000, a tremendous sum when the size and wealth of the nation are considered. Switzerland has lost no men, nor have any of her cities been destroyed, for which doubtless she is thankful, nevertheless she has paid a severe penalty for her proximity to the scene of war. The cost is really staggering and the outlook for improved conditions is truly bad.—Brooklyn Standard Union.

Snap Shots
Roughly speaking, the loafers may be divided into three classes: the whiners, the whistlers and the whittlers.

A good-looking waitress gets about as much attention in a country town as is paid to a musical comedy queen in New York.

The probabilities are that the sickly, emaciated woman who never sees a well day will outlive any fat man in town.

A professional musician attracts attention for a couple of years following his arrival in a town. After that he must either move on or starve to death.

IN THE TRENCHES.

They're huddled in their narrow pits, mid sleet and ice and snow; and now and then a bullet hits and lays a soldier low. Numbered by the north wind's icy breath, and beaten by the blast, they dodge such messengers of death as may be whizzing past. And thus a million usefully employed; as theirs is most unwise, of common sense devoid.

What boots it if the soldiers shiver until they're tired of going, and put a crimp in some galoot they never saw before? Ah, better far on frosty morn, to hit a span of mules, and in the field go shucking corn with modern husking tools. I'd rather have a husking peg than have a sword or lance, and rob a stranger of his leg, or wound him in the pants. I'd rather bring home from the field a load of golden ears, than pack around a silly shield, and prod folks up with spears. I'd rather take a monkey wrench and fix a sulky plow, than be a hero in a trench, a helmet on my brow. I do not fear at soldiers brave who suffer in the field, who follow where their banners wave, and warlike weapons wield; I have no cheap insulting flimsies, the blood stained soldiers for; I merely josh the tin horn kings who sent them forth to war.

Giving Vote to Women Has Made Politics Cleaner in California

By Professor A. W. WHITNEY, Manager Workmen's Compensation Bureau, New York

I WISH every anti-suffragist could go to California. The suffragists there have the strongest possible argument for their cause. Politics is no longer a sordid game. It is a healthy and permanent social interest. It is discussed in the family, at the dinner table and over cups of tea in a broad and tolerant spirit. THE BEST HOPE FOR CALIFORNIA LIES IN THE DEEP AND WIDESPREAD POLITICAL INTERESTS OF ITS PEOPLE. THE AWAKENING OF THE PEOPLE, LARGELY THROUGH THE STIMULUS OF WOMAN SUFFRAGE, HAS DEALT A BLOW AT THE BOSSES.

At the recent election it was noticeable that a Progressive governor, a Democratic federal senator and a standpat Republican secretary of state were elected. Each of these men was undoubtedly the best candidate for the office, and the voting showed that the people were not the slaves of the party ticket.

NO ONE KNOWING THE CONDITIONS OF CALIFORNIA COULD DISPUTE THIS. ON ALL THE BROAD LINES OF SOCIAL AND POLITICAL LIFE I SEE A MARKED CHANGE AND A CHANGE FOR THE BETTER SINCE WOMEN HAVE BEEN ENFRANCHISED.

Society

On Monday evening, Sylvester Cummins entertained a number of friends at his home in Gairner avenue, in honor of his sister, Mrs. Laura Griffith, of Summit station. Music was enjoyed during the evening and refreshments were served to Mrs. Gideon Smith and three sons, Mrs. Livezey and daughter Lillian, Mr. and Mrs. Frank Varner, Mr. and Mrs. James Parr, Mrs. Laura Griffith, Miss Letta McMullen, Miss Carrie Buchanan and the host.

Mrs. Frank Tallmadge of Hawthorne Park, Columbus has issued invitations for a luncheon at the Arlington Country club, Columbus, on January 28, in honor of Mrs. J. S. Jones of Granville, who will be her guest.

One of the pleasant surprise parties of the week was that given at the home of Mrs. Frank Bridgman in Union street, the occasion being the birthday anniversary of Mrs. Bridgman and her brother, Mr. Clark O'Dowd. The surprise feature was complete and the evening was spent with games and music, the latter being furnished by Misses Ida Shanks, Mildred Hunter, Ethel and Irene Went.

A turkey supper was served the following guests: Messrs. and Mesdames Albert Doubler, Tom Hunter, Jack Richardson, Harry Went, Charles DeWitt, Sidney Larson, Otto Frailey, George Jackson, Clyde Armstrong, Mrs. Carrie Danford, Mrs. Shanks, Mrs. Harry Jones and daughter, Misses Ida Shanks, Nellie Smart, Lillian Jackson, Mildred Hunter, Helen Frailey, Eunice, Louise and Isabelle Larson, Ruby Demarot, Messrs. J. C. O'Dowd, Florine H. Fletcher, Elmore O'Dowd, Ralph Hunter, Carl Doubler, Charles Minor, Fred Shank, George Jackson, Jr., Clyde Armstrong, Jr.

The regular monthly business and social session of St. Paul's Lutheran League met Tuesday evening at the home of Miss Ruth Braden in Dewey avenue. Forty-three members were present with three visitors. Two new members were initiated and final arrangements were made for the Wittenberg Glee club which will appear in Newark on February 1. The social hour was enjoyed with music after which refreshments were served by the committee.

Mrs. H. P. Scott will entertain at the Sherwood Hotel on Thursday afternoon with a juvenile party for her little daughter, Virginia.

The Tuesday Evening Euchre club members were entertained at the home of Mr. and Mrs. Charles Hoover in Mahoning street on the club night. One guest, Miss Helen Nichols, was present. Dainty refreshments were served at the conclusion of the game. The next meeting will be at the home of Mrs. Phillip Frickert.

The Elks Social club entertained with another of the series of card parties for the women on Tuesday afternoon in the club rooms. Over one hundred women were present and tables were arranged for euchre and bridge. At the conclusion of the game the souvenirs for bridge were awarded to Mrs. Sylvester Kline and Miss Anne Sheridan, while Miss Alta Beall and Mrs. Brownfield received the trophies for euchre.

A delicious two course luncheon was served at the close of the afternoon.

The installation of officers and open meeting held by St. John's Commandery No. 151, Knights of St. John, held last night in the Woodmen's Hall, was a complete success in every respect. A large crowd was present and thoroughly enjoyed the program of the evening.

The officers were installed by Senior Major George R. Clark, assisted by Colonel C. J. Friel and Aid-de-Camp A. R. Schaller, as follows:
President, D. A. Murphy.
First vice president, Sylvester Adams.
Second vice president, Frank Jennings.
Recording and Corresponding secretary, L. J. Smith.
Financial secretary, W. A. Archer.
Treasurer, J. J. Biedermann.
Trustee, L. A. Staro.
Captain, J. J. Winters.
First Lieutenant, D. A. Murphy.
Second Lieutenant, F. J. Winters.

The program was carried out as previously announced. Rev. Fr. O'Boylan was at his best and in the course of his talk spoke many words of encouragement to the Knights and urged the young men to join this pioneer Catholic society that traces its origin back to the time of the Crusaders.

Adj. N. J. Weisend and Capt. Goebel in a clear and forcible manner explained the advantages of membership in the Knights of St. John, and having particular emphasis on the point that to obtain results in this age of concerted effort one must act not as an individual, but as a unit in a powerful organization such as the Knights of St. John.

Adjournment was then taken to the banquet hall where after a splendid roast pig dinner prepared and served in Caterer Ransom's best style, had been disposed of, and cigars passed, the toastmaster called on Bro. J. J. Biedermann, who in a neat speech, presented Father O'Boylan with a check for \$100 for the new school building to be erected by St. Francis de Sales parish, with the assurance that the commandery stood ready at any time to add to that sum.

Father O'Boylan was taken completely by surprise, and in a feeling manner, on behalf of the congregation, thanked the Commandery.
Father Sherman was then introduced, and in his clear and pleasant manner spoke on "Knighthood." He likened the modern Knights of Holy Mother church to the Knights of old, and pointed out many ways in which they could be of greater assistance to their home than in ages past. The military feature particularly appealed to Fr. Sherman, having been born and reared in a family of soldiers, and being a chaplain in the regular army.

Physician's Prescription For Indigestion

Important for All Those Who Suffer After Eating.

If you suffer from indigestion after eating and find that instead of the one little pepsin or soda pill you used to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking.
The plain truth is that there are thousands of men and women in this country, whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on this way much longer. It's wonderful to think that powerful drugs compressed in a pill will even for a little while do the work of a human stomach. But no pill was ever made that could do it for long.

A dead stomach can't be brought to life but a slowly dying stomach can and must or its owner must soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them today. Most stomach remedies work on the food and digest it. Mi-o-na works on the stomach and digests nothing. Mi-o-na Tablets strengthens the stomach walls, stimulate the stomach muscles and vitalize the stomach machinery into instant and normal action. The stomach starts at once to churn its food and normal, painless digestion follows. T. J. Evans and many other leading druggists hereabouts sell Mi-o-na Tablets, agreeing to refund money in any case where it does not do these two things. First, in ten minutes give relief from heartburn, gas, belching, acidity, sour rising, etc. Second, in thirty days completely renovate, cleanse and strengthen the stomach so it can do its own work without aid of any kind. If your own druggist thinks this well of Mi-o-na you surely ought to try it.

Other remarks were made by the visiting Knights, who dwell on various phases of the Knights of St. John, and by Dr. J. P. H. Stedem, Grand Knight of the local K. of C., who in his usual emphatic way impressed on those present the need of some good fraternal insurance.
The newly elected president, Bro. D. A. Murphy, was called on, and in his graceful manner, thanked the members for the honor conferred on him, asked for their co-operation in making his administration a success, and pledged his every effort toward making the Knights of St. John the leading Catholic organization of the city as it is the oldest.

Captain Winters, as the last speaker of the evening, thanked the members for electing him to the office and asked for their continued interest in the Uniform Rank. The meeting then adjourned.

Those in attendance from out of town were: Rev. Fr. Sherman of Chicago; Senior Major George R. Clark of Lancaster, O.; Adj. N. J. Weisend, Inspector Fred Bonnier, Quartermaster George Geisler, Capt. George Goebel, Jno. A. Everhard and Albert Scales of Columbus.

PILOT OF ENGINE GRAZED AUTO AT STREET CROSSING

An automobile, eastbound in Main street, near the B. & O. crossing, narrowly escaped destruction, Wednesday morning, when a passenger train from the north grazed the rear of the machine as it sped across the track in front of the approaching train. The prompt action of the engineer of the passenger train, who applied the emergency brakes, saved the machine from destruction as the momentum of the train was reduced enough to allow the auto to pass. The driver of the machine ignored the flagman's signal of danger.

A horse and buggy coming from the east was also in danger of being struck by a freight train, which was going north at the same time, the driver of the horse, pulling the animal back on its haunches as the freight engine went over the crossing.

Police Chief Sheridan and Officer McClure, at the city prison, saw the narrow escape and both turned their heads believing a crash was inevitable.

SOAP IS BAD FOR THE HAIR.

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary unsifted coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.
One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft, lustrous, fluffy and easy to manage.
You can get unsifted coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

7 DEFENDANTS PLEAD GUILTY TO CONSPIRACY

Which Will Probably End the Labor Troubles in Arkansas Mining District.

[ASSOCIATED PRESS TELEGRAM]
Fort Smith, Ark., Jan. 20.—Seven defendants in the Prairie Creek coal mine conspiracy case pleaded guilty when they appeared for trial in the federal court here today. Among them were Peter R. Stewart of McAlister, former president of the United Mine Workers of America, district No. 21, and Fred W. Holt, of McAlister, former secretary of the district union.

The others were James B. McNamara, former member of the city council of Hartford, Ark., James Stankard, a former constable of Hartford township, and Clint Burris, Sandy Robinson and John Manick, miners. All of the men were charged with conspiracy against the government. They will be sentenced this afternoon.

The government dismissed the case of W. W. Roberts, former manager of a telephone company at Mansfield, Ark., and eleven other defendants.

Today's action, probably brings to an end the trouble, in the Prairie Creek mining district. It began last April when the Bache Denman Coal Co. endeavored to operate its No. 4 mine on an "open shop" basis.

Control of the Bache Denman mines passed yesterday by purchase, to the district union of the United Mine Workers of America. The union will operate the mines on a co-operative basis.

GRAY HAIR?

"TATE" CROMLEY IS TALKING BASEBALL IN LEGISLATURE.

[ASSOCIATED PRESS TELEGRAM]
Columbus, O., Jan. 20.—Winter baseball activities were begun in the house today when Representative L. Tate Cromley, of Mt. Vernon, Knox county, discussed with his colleagues the organization of a house baseball team to play the senate in the spring. Cromley pitched with the Indianapolis, Kansas City and Toledo American Association clubs for several years before 1908 and for the last four years has been prosecuting attorney for Knox county. He shut out Princeton, Harvard and Yale while in the box for Georgetown university in 1904.

Democratic members of the house will be considered "outlawed" but players will be sought from their side. Speaker Conover will be enlisted to play in the Republican outfield.

APPLICATIONS FOR RELIEF ARE VERY NUMEROUS

Applications to the Associated Charities for relief poured in Tuesday morning at the headquarters, Room 11, Hilbert & Schaus block in such numbers that the members of the board of managers on duty at that time were compelled to remain for an hour after closing time to receive the applications. There were a number of the applicants for relief who had not before sought aid of any of the charity organizations.

The different organizations are uniting in the work, giving their time and service to the cause. One of the instructors in the High school helped Tuesday in the work of investigating some of the applications on file.

The board of managers went into session at 3:30 o'clock this afternoon in the Board of Trade room to consider important matters. The meeting was still in progress at the Advocate's press hour.

It is the desire of those in charge of the work to secure the general co-operation of Newark people in extending relief. The most satisfactory plan yet found is to provide employment to every applicant possible. This may be done if Newark people who have odd jobs or even permanent positions for men and women, will get into communication with the headquarters of the Associated charities, giving their name and address, and the nature of the employment.

It is also desired that when any organization or individual has extended help to any family, that the Associated Charities be notified of the fact so there will be no duplication.

Plans of co-operation are being carefully worked out and though those in the work now are new at the business, they are rapidly acquiring experience that will be of great benefit in the future.

New York Stock Exchange.
(Associated Press Telegram)
New York, Jan. 20.—The swift pace maintained by yesterday's market resulted in further profit-taking at the outset of today's session, most of the leaders yielding fractionally, with a loss of 1/4 for Canadian Pacific and one point for Bethlehem Steel. The preferred shares of the latter company gained 1/4, however, in recognition of its increased dividend. Rumor of a possible sale of the company as a result of receivership proceedings. The list suffered perceptibly at the end of the half hour under lead of Reading and Union Pacific. Business fell away more than 50 per cent compared with yesterday's early session, but prices were well held in the face of continued realizing. Important issues like Reading, Union Pacific, St. Paul, Pennsylvania and Great Northern sold above their best in the previous day. Missouri Pacific, which was second in activity, declined 1/4. Its recent high. Canadian Pacific more than recovered its initial loss and Bethlehem preferred added to its rise. United States Steel was under pressure also leading copper, but smelting and mining preferred added to its rise. Fives were the feature of the bond group on extensive buying at record prices.

Obituary

Mrs. William Moore.
Mrs. William Moore, aged 38, of 52 South Fourth street, died Tuesday evening at 7-10 o'clock, death being due to a complication of diseases.

Mrs. Moore was a daughter of Mr. and Mrs. Samuel Murphy and was born in Illinois, coming to this country with her parents when a baby. She was united in marriage with William Moore on Oct. 27, 1894, and two children were born to them. Misses Lola and Buelah, who, with the husband, parents and four sisters and two brothers, Mrs. Wm. Stauch, of South Second street, Mrs. Ed. Roffey, of Alexandria, Mrs. Jas. Nutter, of Shawnee, and Miss Mary Murphy, of Millersport, and Charles and Fred Murphy also of that place, survive to mourn the loss of a loving mother, wife, daughter, and sister. The funeral will be held Thursday afternoon at 1 o'clock from the home, Rev. Geo. Bohon Schmitt officiating. Interment will be made in Cedar Hill cemetery.

Burnham J. Black.
Burnham J. Black, eldest son of Mr. and Mrs. J. M. Black, No. 462 East Main street was born in Newark, July 20, 1902, died January 10, 1915, after 4 days illness of peritonitis, aged 12 years, 5 months and 20 days. Besides his father and mother he leaves to mourn, one brother, Maurice; one sister, Elizabeth; one brother, Bruce having preceded him to the better world 4 years ago, besides a host of relatives and friends. He was laid to rest in the beautiful Cedar Hill cemetery.

Dearest Burnham thou has left us But 'tis God who has bereft us. He can all our sorrows heal. A light has from our household gone. A voice we loved is still. A place is vacant in our home which never can be filled.

Those present at the funeral from a distance were: W. V. Black and son Ullen, Cleveland; Mrs. A. A. Albright and daughter, Edith, Philadelphia; Ethel and Frank Swenay, Zoarville; Mrs. J. W. Whitins, Baltimore; Irma Swenay, Canton; Odessa Black, Zoarville.

Card of Thanks.
We desire to thank our friends, neighbors and the Ladies' Auxiliary to B. of R. T. who kindly assisted us during the death and burial of our dear son, Burnham J. To Rev. Ward for his consoling words. To Mr. Painter and Mr. Keller for their beautiful singing and for the many floral offerings. Mr. and Mrs. J. M. Black.

Card of Thanks.
We desire to thank our neighbors and friends for their kindness and assistance during the sickness and death of our beloved wife and daughter, Mrs. C. Sparks for his helpful words, a choir for their music, the donors of the beautiful flowers and Brothers for their excellent direction of the funeral. Bartholomew, Peterer and Children.

Card of Thanks.
We wish to express our heartfelt thanks to our neighbors and friends for their kindness shown us during the sickness and death of our loving wife and mother. We also wish to thank our neighbors and friends for the beautiful floral offerings and Father O'Hall for his kindness. Mr. M. J. Miller and Family.

1915

This year 1915 will be the greatest year in American business history. It may or may not be the most profitable year but it will be the greatest year because we must learn to stand on our own feet and walk without crutch, cane or the hand of a mother country. The support on which we leaned has been taken away by war and we have discovered that we can walk alone. Knowing the guide posts in the monthly Trade Report issued by this Bank may be a help in saving business missteps.

AN AMERICAN STEAMER TO LOWER HER FLAG AND SUBMIT TO SEARCH

While She Was Bound to a Neutral Port Under a Certificate of a British Consul.

Washington, Jan. 20.—The state department has requested of the British embassy information why the American steamer Greenbrier from New York to Bremen with cotton under certificate of the British consul at New York, was stopped by a British cruiser, sent under British flag to a British port and detained two days before being allowed to complete her voyage to Bremen.

The detention of the Greenbrier was brought to the attention of the state department by telegram from Captain Farley, her commander, now at Bremen. Farley stated that at a point on the north Atlantic, which he fixed by longitude and latitude the Greenbrier was overhauled on Dec. 30 by a British cruiser.

The points upon which the state department wants information are: First, why it was necessary to search the Greenbrier in view of the certificate issued by the British consul at New York, and second, why a neutral merchant vessel was compelled to lower her flag when under no known rule could she be regarded as a prize.

The British ambassador is expected to get a report on the subject from the London foreign office.

THIN FOLKS WHO
WOULD BE FAT

Increase in Weight Ten Pounds or
 More

A Physician's Advice.

"I'd certainly give most anything
 to be able to fat up a few pounds
 and stay that way," way declares
 every excessively thin man or wo-
 man. Such a result is not impossi-
 ble, despite past failures. Thin peo-
 ple are victims of mal-nutrition, a
 condition which prevents the fatty
 elements of food from being taken
 up by the blood as they are when
 the powers of nutrition are normal.
 Instead of getting into the blood, all
 the fat and flesh producing elements
 stay in the intestines until they pass
 from the body as waste.

To correct this condition and the
 produce a healthy normal, amount
 of fat the nutritive processes must
 be artificially supplied with the pow-
 er which nature has denied them.
 This can best be accomplished by
 eating a sargol tablet with every
 meal. Sargol is a scientific combina-
 tion of six of the best strength-giv-
 ing, fat-producing elements known
 to the medical profession. Taken
 with meals, it mixes with the food
 and turns the sugars and starches
 into rich, ripe nourishment for the
 tissues and blood and its rapid ef-
 fect is remarkable. Reported gains
 of from ten to twenty-five pounds in
 a single month are by no means in-
 frequent. Yet its action is perfectly
 natural and absolutely harmless.

Sargol is sold by good druggists
 everywhere and every package con-
 tains a guarantee of weight increase
 or money back.

Caution:—While Sargol has pro-
 duced remarkable results in the
 treatment of nervous indigestion and
 general stomach disorders, it should
 not, owing to its remarkable flesh
 producing effect, be used by those
 who are not willing to increase their
 weight ten pounds or more.

CONFESSED

(Continued from Page 1.)
 the confession names a Chicago busi-
 ness man who knows of my default. He
 is the man who knew the papers to
 be fraudulent, but he discounted them
 by keeping for himself about \$25,000,
 and made me sign accommodation
 notes for about \$30,000, for which
 there are certain documents in the
 hands of the secretary of this com-
 pany. I am unable to make good."

FORGERIES OF
RECEIPTS FOR
OVER \$100,000

(ASSOCIATED PRESS TELEGRAM)
 Louisville, Ky., Jan. 20.—Ware-
 house receipts for \$55,000, purport-
 ing to have been issued by the gov-
 ernment to R. E. Wathen & Co.,
 Louisville distillers, were produced
 here today by a representative of a
 Chicago bank and branded by Mr.
 Wathen as forgeries. In a statement
 today Mr. Wathen indicated that the
 alleged forgeries may total more
 than \$100,000.

The receipts, according to Mr.
 Wathen's information, were posted
 with Chicago banks as collateral for
 loans negotiated largely by brokers
 whose principal, it is said, to have
 been Charles Ledowsky of Chicago,
 president of the Fox River Distilling
 company. Recent attempts to secure
 further loans on warehouse liquor re-
 cepts moved the Chicago bankers to
 verify the genuineness of the collateral.

Yesterday a representative of one of
 the Chicago banks arrived in Louisi-
 ville with warehouse receipts on
 which loans had been made. They
 were presented to local distillers, to
 whose names they had been issued,
 and a number of them pronounced
 forgeries.

DRIVE OUT THAT
PAINFUL RHEUMATISM

If you are bothered with Rheumatism
 and "every muscle in your body aches,"
 rub the aching joints with Hoff's German
 Liniment, the famous stainless, grace-
 less, refreshing-odor pain chaser. It is
 pure and white as snow and it won't
 soil the finest clothes.

Hoff's German Liniment is made from
 the same formula that doctors use with
 such success in Germany. Emulsion of
 camphor and other effective, harmless
 ingredients are used. Everyone knows
 the value of camphorated oil, but it leaves
 the pores open—making one susceptible
 to further cold. Hoff's German Liniment
 keeps the pores closed—keeps colds out.
 Hoff's German Liniment is an un-
 equalled remedy for Rheumatism, Lam-
 e Back, Neuralgia, Sore Throat, Cold
 on the Lungs, Cold in the Head, Aching
 Joints, Bruises, Burns, Sprains, Sore
 Feet, Corns, Bunions, etc. Used as direct-
 ed, it quickly cures colds, coughs, croup,
 etc. Fine for children—fine for grown-
 ups. Pain doesn't linger when Hoff's
 German Liniment is used.

Sold in handy bottles by all druggists
 —quarter pint for a quarter; big size,

 druggist is authorized to return your
 money. Accept no substitute—they are
 not "just as good."

SEVERAL

(Continued from Page 1.)
 guarding last night's aerial raid go to
 show that public buildings and the
 railways escaped damage, which is
 almost wholly confined to private
 houses and shops.

So far as is known, only two per-
 sons, a man and a woman, were
 killed here. It so happened that
 most of the inhabitants were indoors
 when the raid occurred.

Fragments of metal, supposed to
 have been thrown by the bombs, are
 being found in all directions.
 The whole thing was quickly over
 and fortunately no fires broke out
 anywhere in the town. The first im-
 pulse of the townspeople was to rush
 out of doors, but many, on finding
 that the alarm was an air attack by
 the Germans, quickly returned to
 their homes and took refuge in the
 basements.

Troops were turned out to assist
 the police in the search for wounded.
 Another aircraft appeared here
 soon after midnight but dropped no
 bombs.

The chief constable of Yarmouth,
 in telling of the raid, said:
 "The people stood the raid very
 well. About 400 special constables
 were called out at the first alarm
 and the arrangements proved
 perfect. All lights were extinguished
 and public performances at the the-
 atres and music halls were abandon-
 ed. The people went home and the
 town was without light until morn-
 ing."

The first air raid passed along
 the sea front and dropped the first
 bomb into Norfolk square garden,
 close by the beach, and the Britan-
 nia pier. This did no damage. The
 raider then proceeded in a south-
 westerly direction, across town, and
 when near the center dropped several
 bombs in the neighborhood of St.
 Peter's road, the main thoroughfare
 leading to the parade ground. It
 was here that the greatest damage
 was done, especially in the smashing
 of windows in houses and shops.
 The bombs, from all accounts, were
 dropped in rapid succession.

One bomb was dropped near the
 fish market, apparently with the in-
 tention of destroying any ships an-
 chored in the vicinity.

RESULT OF RAID.

(ASSOCIATED PRESS TELEGRAM)
 King's Lynn, Via London, Jan. 20.
 "The body of a woman, the widow
 of a soldier recently killed at the
 front, was recovered from her de-
 molished home today. This makes
 the second death recorded here as a
 result of the aerial raid."

DENY ZEPPELIN
WAS BROUGHT DOWN.

(ASSOCIATED PRESS TELEGRAM)
 Hunstanton, Via London, Jan. 20.
 "The police deny the report that
 one of the raiding Zeppelins was
 brought down here. The last seen
 of the airship which dropped bombs on
 this place was as she was passing
 away over the sea."

 mate times of the visit of hostile air-
 ships to the several towns in Norfolk

 that time he was a foreman of the
 Hebron section of the Ohio Electric
 Co., where he survived by a widow and
 two children, Mrs. William K.
 Richards of 157 Riley street, and
 Helen Marie, who lived at home. A

SHIELDS RESIGNED
AND ESCAPED BEING
VICTIM OF ACCIDENT

Harry Shields, the well-known
 boiler-maker, was employed as fore-
 man on the repair work at the fur-
 nace where the scaffold collapsed at
 The American Bottle plant, Tuesday
 afternoon, which resulted in the
 death of J. H. Gildow, until last Fri-
 day evening when he resigned the po-
 sition to attend to a more lucrative
 one. Had Mr. Shields continued at
 the bottle plant he would undoubtedly
 have been on the scaffold and
 might have met with a fatal accident.

OUCH! BACKACHE!
RUB LUMBAGO OR
STIFFNESS AWAY

When your back is sore and lame
 of lumbago, sciatica or rheumatism
 has you started up, don't suffer! Get
 a small trial bottle of old, honest "St.
 Jacobs Oil" at any drug store, pour a
 little in your hand and rub it right
 on your aching back, and by the time
 you count fifty, the soreness and
 lameness is gone.

Don't stay crippled! This soothing,
 penetrating oil needs to be used only
 once. It takes the pain right out and
 ends the misery. It is magical, yet
 absolutely harmless and doesn't burn
 the skin.

Nothing else stops lumbago, sciatica,
 backache or rheumatism so promptly.
 It never disappoints.

Granville

(Special to The Advocate)
 Granville, Jan. 20.—King Winter has
 been prodigal of his gifts this season.
 Another heavy fall of "the beautiful"
 has transformed the littered street-
 bound streets and unlovely yards into
 pure white fairyland, beautiful to
 look upon from a comfortable nook
 by the fireside, but discouraging to the
 way-lar.

Mrs. J. S. Jones entertained with a
 perfectly appointed luncheon at Bryn
 Dr Farm, the palatial country home
 of the Joneses on the Newark road,
 yesterday afternoon at half past one
 in honor of Mrs. R. E. Edwards of
 Des Moines, Iowa, who has been vis-
 iting her parents, Mr. and Mrs. Burton
 Case since Christmas. It was a con-
 genial company of twelve who gath-
 ered round the beautifully decorated
 table, with its fragrant centerpiece of
 pink carnations and narcissi, and
 small holders of pink sweet peas. A
 bunch of pink carnations tied with a
 broad pink ribbon to the back of the
 chair at the right of the hostess
 marked the seat of the honor guest,
 the one at her left being occupied by
 Mrs. Clark W. Chamberlain. Other
 guests were: Mrs. James R. Fitzgib-
 bert, Mrs. Charles B. White, Mrs. W.
 P. Ullman, Mrs. Howard Darrow, Mrs.
 Theodore Johnson, Mrs. John Owen,
 Mrs. Burton Case, Miss Carrie How-
 land, Miss Mary McKibbin. During the
 afternoon Mrs. Theodore Johnson
 favored the company with two ex-
 quisitely rendered songs, accompanied
 by the hostess, Mrs. Jones' personal
 charm as hostess quite transcends her
 environment. She belongs to that rare
 class of entertainers, who like the
 famous "Colonel Sellers," could lend
 distinction to a simple dinner of cold
 herbs served on a bare board in a log
 cabin in the wilderness.

Mrs. Lucy E. Van Kirk is the ef-
 ficient editor and business manager of
 the Ohio Messenger, the official organ
 of W. C. T. U. published every month
 at Granville. The management is
 asking the co-operation of the 36,000
 "White Ribboners" of Ohio to help
 push the subscription list to the 12,000
 mark.

The Women's Christian Temperance
 Union will meet on Friday afternoon
 at 2 o'clock at the home of Mrs.
 Llewellyn Jones in South Main street.
 Let there be a good attendance.

Church goes and non-church goes
 in Granville will be interested in
 the announcement that Bishop Theodore
 Irving Reed of Columbus will preach
 in St. Luke's Episcopal church, next
 Sunday night, January 24 at 7 o'clock.
 The privilege of hearing this popular
 preacher is extended to the public and
 the old church should be filled to the
 doors on that occasion.

With the exception of Saturday
 evening the Baptist church has been
 given over to some sort of evening
 service.

WOMAN WOULD

 E. Pinkham's Vegeta-

Richmond, Pa. — "When I started
 taking Lydia E. Pinkham's Vegeta-

 dreadfully rundown
 state of health,
 had internal trou-
 bles, and was so ex-
 tremely nervous and
 prostrated that if I
 had given in to my
 feelings I would
 have been in bed.
 As it was I had
 hardly strength at
 times to be on my
 feet and what I did do was by a great
 effort. I could not sleep at night and
 of course felt very bad in the morning,
 and had a steady headache.

"After taking the second bottle I no-
 ticed that the headache was not so
 bad, and my nerves were
 stronger. I continued its use until it
 made a new woman of me, and now I
 can hardly realize that I am able to do
 so much as I do. Whenever I know any
 woman in need of a good medicine I
 highly praise Lydia E. Pinkham's Vege-
 table Compound." — Mrs. FRANK
 CLARK, 3146 N. Tulip St., Richmond, Pa.

 This accounts for the enormous demand

 will pay you to do so. Lydia E. Pink-

Tubercle-Scrofula

Creighton, world-renowned Pathologist of Oxford, England, says, "that although the most common seat of the tuberculosis process is the lungs, yet in many cases it is only part of the general infection, which includes the lymphatic glands, intestines, liver, spleen, kidneys, bones, joints and stomach," which is absolute proof that the tubercle bacillus is in the blood, and there can be but one correct manner of treatment, and that is through the blood. Potas-a-fras accomplishes its work by assisting nature in destroying the trouble-makers, thus restoring the blood to its normal condition. It seldom fails to produce most joyous results. AIRMEN

(Continued from Page 1.) docks, and damage was inflicted on the hydraulic engine house.

The dense darkness and the slight mist which prevented effective pursuit of our successful shooting at the night, also hindered them in their efforts to reach some of their apparent objectives, and also to aim their bombs with the maximum of accuracy. Thus, the visit to Sandringham, which King George and Queen Mary left at 1 o'clock yesterday morning, was not effective, although some of the bombs were dropped in the vicinity of the royal residence.

The casualty list at King's Lynn, so far as is known this morning, is two persons killed and four injured. They all were in a group of houses on Bentinck street which was wrecked by one bomb. The police are still searching the ruins.

The casualties at Yarmouth are two killed and one injured. There is still a difference of opinion here as to whether the German raiders came in Zeppelins or in aeroplanes.

VICTORY

OF GERMANS AGAINST THEIR ENEMIES CONFIDENTLY EXPECTED BY KAISER.

Calls Task a Patriotic One, and is Touched by Willing Sacrifices of His People.

(ASSOCIATED PRESS TELEGRAM)

Berlin, Jan. 20.—(via London).—Emperor William two days ago, on the occasion of the anniversary of the proclamation of William I, as German emperor at Versailles, sent a dispatch to Grand Duchess Louise of Baden, in which he said:

"Many thanks for thy greeting on the anniversary of the great historic proceedings at Versailles, under the leadership of my high-souled uncle. The feeling of national power engendered at this historic gathering brought inspired homage to the first German emperor. It is today my task to defend the worthiness of the nation against a world of enemies, and God willing, I will carry out this patriotic task victoriously at the head of a united fatherland, filled with the spirit of the willing sacrifice of the determined German nation."

Count von Spee, who in times of peace is a preacher at Cologne, has sent a dispatch to Berlin from general headquarters, in which he says he recently breakfasted with the emperor who is in very good health and highly gratified at the German victory at Soissons.

CHILDREN AND WOMEN ORDERED OUT OF CRACOW

(ASSOCIATED PRESS TELEGRAM)

Geneva, via Paris, Jan. 20.—Dispatches from Buda Pest state that the governor of Cracow has ordered the partial evacuation from the city and its suburbs of women, children and men unfit for military service. They have been given 48 hours to leave. The men over military age but who are still active, have been formed into a civil guard. The banks have been transferred to Vienna. Provisions of all kinds, it is stated, are scarce in Cracow.

The Austrian war office has issued an order, calling up all of the Landsturm men up to and including those aged 60. The order applies throughout the Austrian empire.

SURPRISE ATTACK RESULTS IN HEAVY LOSS TO ENGLISH

(ASSOCIATED PRESS TELEGRAM)

Constantinople, via Berlin and London, Jan. 20.—Announcement is made here that during a night attack on the English forts located on the Shat El Arab river in Arabia, the enemy was taken by surprise and lost 100 in killed and wounded.

An English cavalry division attempted to surprise a Turkish cavalry division near Kurna, near the junction of the Tigris and Euphrates rivers. The attack was made under the protection of a gun boat, but the English suffered heavy loss and the gunboat withdrew.

An Indian expeditionary force is operating in this region at the head of the Persian gulf. It was officially announced early in December that the Turkish forces at Kurna had surrendered unconditionally and that the place was subsequently occupied by the British, thus giving them control of the country from the junction of the Tigris and Euphrates rivers to the Persian gulf.

GOVERNMENT OF AUSTRALIA HAS BEEN REMOVED

(ASSOCIATED PRESS TELEGRAM)

Melbourne, Australia, Jan. 20.—(via London).—The seat of the commonwealth government has been transferred temporarily from Melbourne to Sydney. Minister of Defense Pierce has declared that there is no limit to the number of troops the Australian commonwealth will send to the front.

A German lieutenant has been arrested at Clerbury on a charge of espionage. Plans of wireless plants and maps of various parts of Australia were found in his possession.

SOCIALISTS DENY RUMORS OF MUCH STRIFE IN RANKS

(ASSOCIATED PRESS TELEGRAM)

Amsterdam, Jan. 20.—An official statement issued by the Socialist party board at Berlin complains that the foreign press is continually publishing letters whereby foreign Socialists are led to believe that there is strife in the Socialist ranks in Germany over the war situation.

"I had informed correspondents," the statement says, "exaggerate political circumstances and hush up the really important facts."

DAILY FOOD

IS THE FIRST NEED IN DISTRICTS RAVAGED BY THE EARTHQUAKE.

American Ambassador Page Visits Scenes and Gives His Impressions of the Disaster.

(ASSOCIATED PRESS TELEGRAM)

Rome, Jan. 20.—Thomas Nelson Page, the American ambassador, who has visited the earthquake district, was asked last night for an impression of his visit. In reply he said, he was struck by the desperate condition everywhere, and the appalling magnitude of the destruction, covering, as it did, a whole territory once full of flourishing towns and villages.

While practically the entire population, he said, is living in the open air, with only a few people in temporary huts, he considers that the relief organization is now very efficient as soldiers have reached every devastated place.

The first need now, the ambassador declared, is not only daily food, but an assurance of regular supplies and shelter throughout the district as the houses, even when not destroyed, are so shaken that the people have left them in terror.

With all this promptly forthcoming, Mr. Page said, it will then be necessary through reorganization to set the wheels of life moving again. Just now the people are paralyzed, he said, even in their mental faculties, from their terrible experience.

PETROGRAD

(Continued from Page 1.) fensive positions. Heavy fighting also occurred near Dobryn where an offensive attempt of the Germans was blocked and the enemy was driven back, sustaining grave losses.

"During the day of Jan. 17 the enemy bombarded from his positions on the west bank of the Vistula our lines near Wyozrog but our fire, directed upon his front and flank, silenced the German artillery."

"On Jan. 18 the Germans violently cannonaded the village of Vitkovitz and the entrenchments occupied by us on the left bank of the Bzura."

"There is no material change on the other front."

During the last three days heavy artillery engagements have occurred at various points along this line.

Meanwhile the struggle is in progress for possession of the left bank of the Vistula, from its junction with the Bzura at Wyozrog west to Dobryn, a distance of approximately 12 miles. Possession by the Russians of Wyozrog and their footing on the left bank of the Bzura in the vicinity of the village of Vitkovitz are their operations against the Germans who are in force to the west of that position, and effectually prevent a movement upon Nowosolone, which has been the German objective in the advance toward Warsaw in the north.

In out-advancing, the Russians captured by the Germans in the west of Wyozrog, the Germans are reported to have lost 900 men.

Southward in the vicinity of Tarnobrzeg, the Russians have captured the famous German 12-inch guns in an effort to dislodge the Russians from their positions.

According to reports here, they still have been forced to retreat, leaving the Russian army in positions intact.

It is the opinion of the German press that the Russian army is not an aid to the count of the bad roads and the distance it is necessary to transport the guns.

PARIS

(Continued from Page 1.) there has been nothing to report, nor has there been any activity in the sector of Soissons, or in the vicinity of Craonne, or near Reims.

"In the region of Camp de Chalons, as well as to the north of Perthes and of Massignes, our artillery directed a very effective fire on the held works of the enemy."

"In the Argonne, in the forest of La Grurie, the enemy delivered a violent attack upon one of our trenches. Our troops, who, for a moment gave way under the shock, later recaptured in two counter attacks all their positions and maintained themselves therein. The first of these attacks gave us a greater part of these positions, and the second completed the work."

"At St. Hubert the Germans blew up, by means of a mine, the northeastern projection of our trenches. Our troops threw themselves into the excavations caused by these explosions and prevented the enemy from taking possession of them."

"To the northwest of Pont a Mousson, in the forest of Le Prete we established ourselves at a distance of 100 yards in front of the German trenches captured by us the day before yesterday. At the end of the day (Tuesday), the enemy here delivered a counter attack but without success."

"In the vicinity of Thann there have been artillery engagements in which the advantage rested with us."

Beth, in the names of places mentioned in the Bible, is the Hebrew word for "house." Thus Beth-lehem is the house of bread; Beth-saida, house of mercy.

EMERGENCY WORKSHOPS

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 20.—Emergency workshops for the unemployed, decided upon yesterday by the executive committee of the mayor's committee on unemployment, are to be opened today in every training school of the Children's Aid society in this city.

One of the strangest cargoes ever carried on the sea was a shipload of bees sent from Holland to the Isle of Wight, England, where the native bees are threatened with extinction by disease. The cargo consisted of 300 hives, containing about 10,000,000 bees.

FIRE DESTROYS TOLEDO STORE; LOSS \$185,000

(ASSOCIATED PRESS TELEGRAM)

Toledo, Ohio, Jan. 20.—The A. S. Hickok drygoods store, 209-11 Summit street, was destroyed by a fire, which was discovered at 1:45 o'clock this morning and for a time threatened to sweep adjacent buildings. The estimated loss is \$125,000 on the stock and fixtures and \$60,000 on the five-story building.

The fire spread rapidly and is said to have started in the basement, caused by an overheated boiler.

Anyone can get into a fight, but sometimes it takes a lot of courage to keep out of one.
